# **The Rise of the Therapeutic State**

**Andrew J. Polsky**

Assuming that "marginal" citizens cannot govern their own lives, proponents of the therapeutic state urge casework intervention to reshape the attitudes and behaviors of those who live outside the social mainstream. Thus the victims of poverty, delinquency, family violence, and other problems are to be "normalized." But "normalize," to Andrew Polsky, is a term that "jars the ear, as well it should when we consider what this effort is all about." Here he investigates the broad network of public agencies that adopt the casework approach.

**"Polsky powerfully describes how well-intentioned welfare state programs went awry, with serious, detrimental consequences for the personal autonomy of individuals and their families and the vitality of our political discourse."—*Journal of Health Politics, Policy and Law***

# WORLD HEALTH

## Power and Illness

The Failure and Future of  
American Health Policy

**Daniel M. Fox**

Fox offers a forceful argument for fundamental change in national health care priorities. He shows how ideas about illness and health care, as well as the power of special interest groups, have shaped the way in which Americans have treated illness, and he suggests ways to solve the increasing problem of chronic illness without increasing the already high cost of health care.

\$20.00 cloth, illustrated

## Toil and Toxics

Workplace Struggles  
and Political Strategies for  
Occupational Health

**JAMES C. ROBINSON**

**New in paper**—"Providing a historical, economic and political analysis of worker efforts to control workplace hazards, Robinson tells us which strategies have been effective in the past and which hold the most promise for the future."

— *Journal of  
Hazardous Materials*

\$13.00 paper

# AIDS EDUCATION AND PREVENTION

▶ AN INTERDISCIPLINARY JOURNAL

OFFICIAL PUBLICATION OF THE INTERNATIONAL SOCIETY FOR AIDS EDUCATION

Edited by Francisco S. Sy, M.D., Dr. P.H.

“**T**he consideration of everything from the latest medical reports and strategies and programs on education makes this a valuable weapon against the war on AIDS.”

—Library Journal

“This journal could well prove to be the comprehensive reference on AIDS education; libraries around the world would do well to consider a subscription.”

—Scientific Serials Review

**U**ntil a cure for AIDS is found, prevention is the only effective weapon and prevention is only possible through education. To that end, this journal is committed to providing professionals with state-of-the-art information. It publishes high-caliber original contributions that highlight existing theoretical models of AIDS education and prevention, including their development, implementation, and evaluation.

**FORTHCOMING ARTICLES INCLUDE:** Learning from the Norwegian Experience: Attempts to Mobilize the Youth Culture to Fight the AIDS Epidemic, Bente Traen • Effects of Magic Johnson's HIV Status on HIV-Related Attitudes and Behaviors of an STD Clinic Population, Lilly M. Langer, Ph.D., MPH; Rick S. Zimmerman, Ph.D.; Edward F. Hendershot, M.D.; and Mimi Singh • Sexual Risk for HIV Transmission Among Gay/Bisexual Men in Substance Abuse Treatment, Jay P. Paul, Ph.D.; Ron Stall, Ph.D., MPH; and Frank Davis, J.D.

## **The Mind is Not the Heart**

**Recollections of a  
Woman Physician**

Eva J. Salber

"Salber writes with a fresh, graceful, and direct voice that is often witty and always without pretense. As a writer, Salber's power derives . . . from her candor, her vision of social medicine, her incredible perseverance, and her willingness to share some of her inner life with the reader."—Thomas R. Cole, *Medical Humanities Review*

"The tone of these memoirs is one of calm and intelligent optimism. From her experience has come an engrossing book, an honest voice."—Laura C. Hanson, *New England Journal of Medicine*

304 pages, 34 photographs,  
paper \$15.95

# Freedom and Tenure in the Academy

William W. Van Alstyne, editor

Questions of academic freedom—from expression to the tenure system—continue to be of great urgency and perennial debate in American higher education. Grounded in a thorough examination of the 1940 *Statement of Principles on Academic Freedom and Tenure*, this volume draws together leading scholars of law, philosophy, and higher education to offer a fresh assessment of the founding principles of academic freedom and to define this crucial topic for the 1990s.

*Contributors.* Ralph S. Brown, Matthew W. Finkin, Jordan E. Kurland, Michael W. McConnell, Walter P. Metzger, Robert M. O'Neil, David M. Rabban, Rodney A. Smolla, Janet Sinder, Judith Jarvis Thomson, William W. Van Alstyne

440 pages, cloth \$39.95

Originally published as a special issue of *Law and Contemporary Problems* (Summer 1990)
